PROFESSIONAL SUMMARY

I'm a motivated and detail-focused **Frontend Developer** with practical experience in creating **responsive** and **modern websites** using **React.js**, **Next.js**, **Tailwind CSS**, and **JavaScript**. I enjoy building **clean and reusable components**, managing **state** with tools like **useContext**, and working with **APIs**. I'm always eager to **learn new things** and **improve my skills**. I'm looking for a **junior frontend developer** position where I can **contribute to real projects** and **grow as a developer**.
